Migration

Wholesale emigration under the direction of public officials, which would be given special consideration for the purpose of finding large tracts of vacant land which would be developed with the aid of the British and Dominion governments, is the latest and most serious problem which is being faced by the British government. The plan is to send out "young men" to the "west" for the plan embraces all parts of the Empire. The idea will be brought up by the Dominion Imperial Conference, in London, England, in the hope that the Dominion governments will approve the scheme and agree to a partnership with the British government in finding a place for the more than 2,000,000 persons which is found in the British Immigration question. Members of the plan is a new approach on the question of finding a place for the masses of homeless and other people who are suffering from unemployment. The Test Supreme

Council Judging Standards Will Not Apply At World's Grain Show

Something more than appearance will be necessary for grain to win prizes at the World's Grain Exhibition and Conference, which is being held in Regina, Sask., in 1923. The biggest thing that the grain growers will be asked to do is to produce grain that will stand the test of the judges. The judges will be looking for grain that is not only in the place to place as a prize, but also in the place to place as a prize.
